## COMMENTS FROM THE TOWN MANAGER'S OFFICE

The shade tree committee has been selected and all members have agreed to serve. The members are Sumner Burgess, chairman; Richard Waldron, Harlan Hutchins, Ernest Perkins, and Stephen Jacobs. The group has a lot of forestry background, but they also represent several other interested groups in town. I am sure that the committee would appreciate any suggestions that citizens might have and I believe that interested citizens would be welcome to any meetings. The shade tree subject might seem kind of unimportant to some people but it is a very serious and important item in the future of the town.

The committee will make a study of the Dutch Elm Disease and it will attempt to determine whether or not the problem is as bad as it seemed last year. Although elm trees are the major problem, the committee will consider shade trees in general. The Boy Scout troop has offered to assist the committee in tasks that might need to be performed.

The selectmen have appointed Patrick Grenier the new night officer. He will work a couple of nights this week and start full time the first of next week. The rules and regulations of the night officer have been revised and the scope of duties have been clarified. Although the job is not a difficult physical task, it does require a number of talents and a great deal of patience. The assistance of the other levels of law enforcement and of the community as a whole are needed by the night officer. I am sure that Mr. Grenier will appreciate any assistance or aid given him.

Michael Houlihan

Pvt. Stanley Moore has completed his basic training at Ft. Dix and is at home for a ten day leave. He reports back April 30 for advanced training. Those from Bethel attending a hooked rug show in Hampton, N. H., on Wednesday of last week were Mrs. Abbie Brown, Mrs. Sylvia Benson, Mrs. Betty Anderson, Mrs. S. H. Brown.

## REGISTRATION OF SUB-PRIMARY CHILDREN TO BE HELD MAY 7

Registration for sub-primary class in Bethel for the next school year, 1965-66 will be held Friday, May 7th, at the Bethel Bisbee School.

This will be in the form of an actual school day for these children. All bus pupils will come to school for the morning session either on the bus or with their parents and will be picked up by their parents at 11:30 a. m. and taken home.

All town pupils, those with in walking distance, will come to school at 12:30 p. m. for the afternoon session.

Mrs. Cross has planned a program for both the morning and the afternoon groups. This will enable the pre-school children to have a better understanding of what school is like and should help them to get started properly in September. Parents are invited to come with their children. Mrs. Cross will be in charge of registration.

Children eligible for sub-primary training should register at this time. For children eligible for sub-primary classes they must be five years of age on or before October 15, 1965. Parents must present birth certificate and a record of immunization and inoculation, as well as a disease history including dates. It is important that every parent register his child on these dates in order that the school department may formulate plans for the next school year.

The Bethel elementary schools will hold a Science Fair April 30th for the sub-primary through eighth grades. Projects will be on display in all the rooms, and the public is cordially invited to attend between 1:00 and 3:30 p. m. or 7:00 and 8:30 p. m. on the 30th. Recognition will be given to

Why don't the legislatures think of this, also the shop workers and leave our clocks alone. I'm sure it would be wiser for their children's sakes for the laborers to go to work an hour earlier and allow the children to keep their health by having the proper rest they need.
